RE: Government Records Access and Management Act (GRAMA) Request

Dear Custodian of Records:

I am in receipt of your denial of my GRAMA request for the police reports regarding **Incident Report 17BY05023** relating to your investigation of Joseph Bishop in November and December of 2017. I have already initiated appeal of that notice of denial.

I write again to make it clear that by separate letter, I also made a GRAMA request for **any and all audio recordings** of interviews conducted pursuant to the above referenced investigation.

**I have not received your response to that specific GRAMA request.** I just want to make sure it is clear these are two separate GRAMA requests I have made relating to the same investigation, and that I have not received a response from you related to the request for audio recordings.

Thank you in advance for your cooperation with this request.
